Moscow Domodedovo is the largest of the three Moscow airports and the first single released from the current **Woog Riots** album **Alan Rusbridger**. Next to the original version of the song the single includes two remixed versions by the appraised producer duo **Tuff City Kids**. Tuff City Kids aka **Gerd Janson and Philipp Lauer**, who are deeply rooted in the techno and house music scene, stripped down the Woog Riots Song **Moscow Domodedovo** to a club worthy electro beat by adding a dark and creaky bassline and a classic 808 drum sound.

Woog Riots album **Alan Rusbridger** as well as the single **Moscow Domodedovo** were produced by **Jörn Elling Wuttke** and Lolo Blümmer. As part of the internationally successful electro act **Alter Ego** with Roman Flügel, Jörn Elling Wuttke is firmly rooted in the electro scene of the Frankfurt Rhein-Main area and the club Institution **Robert Johnson**. This is also where the friendly relationship to the Tuff City Kids **Gerd Janson and Philipp Lauer**, stems from. Who by the way have just delivered a stunning edit of the **Alter Ego** classic **Rocker**. Establishing contact with the Darmstadt based Woog Riots to start a remix project was the next logical step.

On the A-side of Moscow Domodedovo the track "**Tuff City Kids - Aeroeffekt Mix**" directly points to **Detroit** and the influential electro-heroes **Dopplereffekt** who have become what is referred to as the "**Velvet Underground of Techno**" (Jörn Elling Wuttke) since the mid-90s. Cool electro grooves and minimalist synthesizer sounds á la Dopplereffekt fit perfectly with the repetitive electric postpunk from **Moscow Domodedovo**. In the title of the dub mix on the B-side "**Tuff City Kids - Dorian Gray Dub**" the legendary former night club of the **Frankfurt Rhein-Main airport** received a nod in remembrance of it being an early cult techno discotheque in the 1980s. Everyday there a several direct flights leaving from Frankfurt Rhein-Main to **Moscow Domodedovo**.

Woog Riots album **Alan Rusbridger** is available on 11 March 2016 with **From Lo-Fi to Disco!** (lo-fi 007, Distribution: Broken Silence/ UK: Shellshock), as a vinyl LP (first pressing in green vinyl) and as a download.
